

# Kids In Motion Dance Academy

**Kids in Motion Dance Academy** is a Chicagoland based service providing the highest quality dance training. Students will work with an instructor having a true passion for teaching and almost twenty years of dance experience. KMDA offers children an opportunity to learn various styles of dance while building confidence and memorization skills. Most importantly dance give students a new outlet of self-expression!

Classes are divided up between primary and elementary levels and with different meeting times to ensure students receive an ample amount of individualized attention. All students enrolled will learn the foundations of ballet, jazz, and hip-hop dance. Primary students will also focus on creative movement. KMDA is broken up into three sessions throughout the school year and students will learn in a progressive fashion culminating into an informal showcase at the end of each session.
