

BENEFITS OF LEARNING A SECOND LANGUAGE

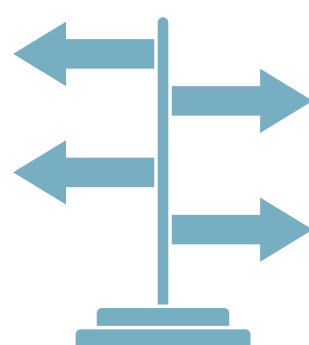

UNDERSTANDING DIVERSITY

Acquire the experience of another culture through language immersion. Opens the door to other cultures and helps children understand and appreciate people from other countries.

ENHANCED OPPORTUNITIES

Gives students a head start in language requirements for college. Achievement, and Attainment. Increases job opportunities in many careers where knowing another language is an asset.

IMPROVES COMMUNICATION

Improves communication skills in general including non-verbal communication. Children become mediators, peacemakers, and translators. Teaches the ability to communicate with people they would otherwise not have the chance to know.

LANGUAGE AWARENESS

Leaves students with more flexibility in thinking, greater sensitivity to language, and a better ear for listening improving a child's understanding of his/her native language.

COGNITIVE SKILLS

Has a positive effect on intellectual growth. Enriches and enhances a child's mental development. Benefits Higher Order, Abstract, and Creative Thinking. Promotes concentration, analytical skills, and multi-tasking.

BOOSTS CONFIDENCE

Learning a Second Language has innumerable benefits on a child's life... Best of all, it prepares a child for life in the multi-cultural, multilingual world of the 21st century.
